Netto price: 84.379 HUF

Description

The Lady Sitness office swivel chair has been specifically developed with consideration for the anatomical characteristics of women. The backrest of the office chair, particularly its lower section, has a special shape because women's spines require greater support at this point. The seat surface features 7 different tension and hardness zones to ensure maximum seating comfort. The Body-Balance-Tec® mechanism allows for unique, three-dimensional seat movement, which strengthens the back muscles. The Lady Sitness swivel chair is delivered with a black base and castors suitable for carpeted floors. The price includes the height-adjustable armrests.
