## Description

Sitness 45 is a height-adjustable, ergonomically designed seat (Orthoseat®) with a mesh backrest and synchronous mechanism, height-adjustable, tilting headrest, and height-adjustable armrest. The height of the backrest is also adjustable. The patented Body-Balance-Tec® mechanism allows for a unique, three-dimensional movement of the seat surface, which strengthens the back muscles. Supplied with chrome star feet and castors for carpet floors. The price includes the height-adjustable armrest.
