Product code: SD69X L52

Brand: Topstar

169.998 HUF

Netto price: 133.857 HUF

Description

The Sitness 55 is a height-adjustable, synchronous swivel chair with an ergonomically designed seat. The patented Body-Balance-Tec® mechanism enables a unique, three-dimensional movement of the seat surface, which strengthens the back muscles. The Sitness 55 office chair is the first swivel chair to ensure air circulation through the upholstery, using air grilles in the lumbar support. The Sitness 55 office chair is delivered with a chrome star base and castors for carpet floors. The price includes the height-adjustable armrest.
