

Sitness 60 office chair, green

High-back office chair with synchronous mechanism, height-adjustable backrest, Body-Balance-Tec® seat fixation, chrome star base, height-adjustable armrests

The Sitness 60 is a height-adjustable, synchronous swivel chair with an ergonomically designed backrest. The patented Body-Balance-Tec® mechanism enables the unique, three-dimensional movement of the seat surface, encouraging movement during sitting and strengthening the back muscles at the same time. The Sitness 60 office chair is delivered with a shiny aluminum star base and castors for carpet floors. The price includes the height-adjustable armrest.
