Description

The German-made, ergonomically designed Titan Junior youth swivel chair "grows together" with your child. The backrest is covered with a pleasant, breathable mesh fabric. The backrest is adjustable in depth, adapting to the height of the child. The ergonomically designed seat, rounded at the front, is covered with cleanable synthetic leather. The backrest is adjustable in depth. The chair's special gas spring works from a body weight of 20 kg. By using a well-adjusted, ergonomically designed high chair, we protect our children's health! The Titan Junior children's and youth chair is recommended for children and youth children from 6 to 13 years of age (max. 60 kg load capacity, up to 159 cm height).
